

- ✓ 'Non-stick', easy-clean
- ✓ Resists bacterial adhesion
- ✓ Promotes a more hygienic environment

## Stop the chain of infection on glass surfaces!

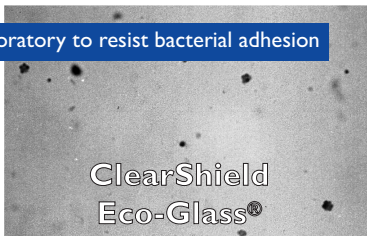

Protect  
all your  
glass surfaces  
with unique,  
award-winning  
ClearShield®  
'non-stick'  
technology!

Proven by the UK Public Health Laboratory to resist bacterial adhesion

Ordinary,  
unprotected glass

ClearShield  
Eco-Glass®

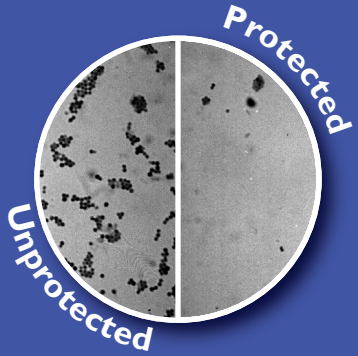

Working like 'non-stick' cookware, **ClearShield®** upgrades unprotected glass into **ClearShield Eco-Glass®**, a low-maintenance, anti-bacterial surface.

- Prevents the chain of infection from occurring
- Saves cleaning time and effort
- Meets EU and US FDA test requirements for direct food contact

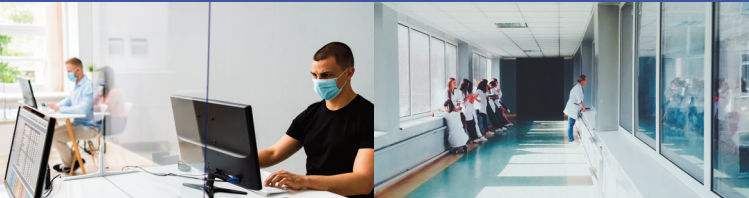

ClearShield Eco-Glass® is independently proven to keep glass hygienically clean by resisting bacterial adhesion!

*Micrograph of cells of staphylococcus aureus adhering to glass slides after washing*

*'In conclusion, the results clearly show that ClearShield firstly impeded adherence of bacteria and secondly encouraged desorption by washing.'*

- UK Public Health Laboratory Service, Porton Down
